

Product Data Sheet

NewPro Universal Graffiti Remover

Product Description:

NewPro Universal Graffiti Remover is a special cleaner for removing graffiti and paint smearing. Removes quickly and cleanly graffiti, paint and felt tip pen smears as well as thinly applied single component spray paint from correspondingly resistant coated undergrounds such as aluminium, metals (carriages, busses, bus stops, telephone boxes, cigarette machines), glass, outside and inside surfaces of transport vehicles, traffic signs and tiles. It is also suitable for removing chewing gum and glue remnants from textile surfaces. (The colour fastness of the material is to be tested before use).

Usage / Dosage:

To be used undiluted. Apply with a cloth or brush and allow to work for 1 to 10 minutes until the graffiti is dissolved. Wash off afterwards with plenty of water (Ideally at high-pressure).

Storage Instructions:

Store frost-free. The product is usable for at least 2 years when stored under the correct storage conditions.

Ecology:

The product and the detergent raw materials used (tensides) conform with the legal demands in respect of biological degradability.

Hazard Information:

This article is subject to labelling requirements according to the ordinance for hazardous substances.

Hazard Warnings:

R 36 / 38 Irritating to eyes and skin

Safety Advice:

S 2 Keep out of the reach of children.

S 24 Avoid contact with the skin.

S 26 Upon contact with the eyes rinse thoroughly with water and consult a doctor.

S 46 If swallowed, seek medical advice immediately and show this container or label.
