NewPro ACRYL-AQUACOAT Zinc Touch-Up Paint

Product and Material Description:

-Satin finish, matt

Light Silver covering paint as protection against UV-radiation, similar in colour to the colour shade of freshly zinc-plated objects so that this paint can be used to cover welding seams and to cover repair areas so that they can be optically adapted to match the surrounding zinc-plating.

Also useable on zinc-plated surfaces after sweeping (roughening cleaning).

Dry Heat up to approx. 80°C
