

## Product Data Sheet

### NewPro-GreaseEx

#### Product Description

NewPro-GreaseEx is an environmentally safe cleaner for the gastronomy for the removal and cleaning of extreme fat deposits and grime.

#### Range of Application and Use/Appropriate Surfaces

NewPro-GreaseEx is designed as an environmentally safe cleaner for the removal and cleaning of extreme fat deposits and grime in gastronomy on surfaces and objects such as:

- Baking pans
- Cooking areas, ovens and stove tops
- Cooking pots and pans
- Deep fryers
- Kitchen counters.

#### Product Characteristics/Features

NewPro-GreaseEx displays the following features:

- Easy-to-apply
- Environmentally safe
- Odorless
- Resistant to foodstuffs
- Strong cleaning effect
- Very effective cleaner.

#### Instruction for Application and Use

Mixing Instructions:

NewPro-GreaseEx cannot be mixed or diluted. The cleaning properties of NewPro-GreaseEx will be negatively affected as a result of mixture with foreign substances.

Application:

NewPro-GreaseEx can be sprayed directly to the grime and, if necessary, can be spread using a sponge. Allow the product sufficient time to take effect. After enough time has passed for the product to take effect, briefly rub out product with a moist sponge or towel and rinse off the dissolved fat debris with clean water.

Please refer to further instructions under the heading Required Conditions for Use/Application

Notice:

Do not allow NewPro-GreaseEx to dry to the surfaces.

## Instruction for Application and Use

Use:

- Depends upon degree of dirt and soiling.

An exact requirement of materials should be determined through the use of a test to the surface of the boat.

## Required Conditions for Use/Application
